

Delivering Innovative IT Solutions Enabling Digital Transformation

Creative Information Technology, Inc. (CITI)

Established in 1996 Creative Information Technology, Inc. (CITI) offers a full suite of information technology (IT) solutions to Federal, State and Local Governments in the USA and commercial clients to help them globally navigate the challenges of digital transformation. We offer specialized, award-winning products and solutions, with specialization in web-based application development and system modernization, database consulting services, biometric capture and integration solutions, Health & Human Services Case Management Solution, and infrastructure management solutions. We are headquartered in Falls Church, Virginia with satellite offices also located in; Brussels Belgium, Rockville, Arlington, and Quantico Virginia. We are CMMI Maturity Level 4, ISO - 20000 - 1:2011, ISO - 27001-2013 certified.

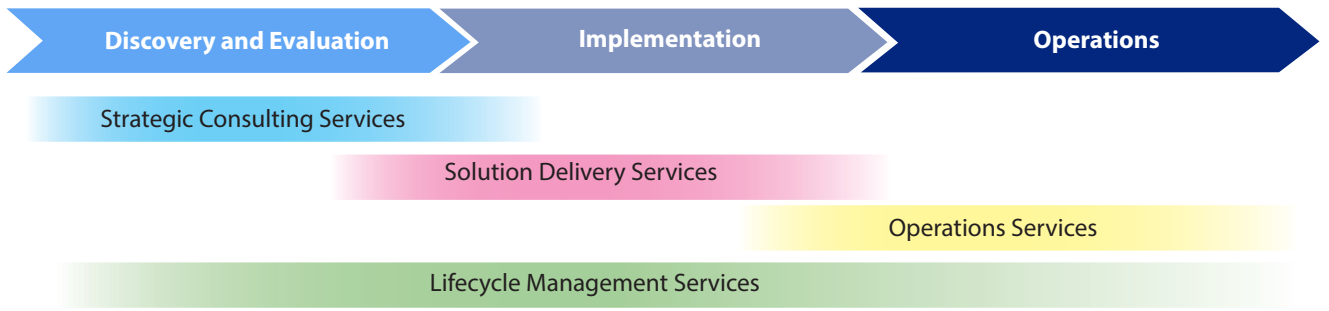

CITI offers comprehensive services that enable our customers to realize the full benefits of the extensive knowledge base and experience we possess in all phases of the project lifecycle. Our team can help to overcome business and technology challenges, improve operational efficiency and reduce risk usually associated with complex projects, so you can count on faster time to value and improved ROI from your software investment.
