A Scalable, Reusable and Configurable HHS Platform

Empower - CITI's enterprise ready HHS platform, allows for effective program management and decision making across a wide spectrum of Health and Human Services.

CORE DOMAIN EXPERTISE

Empower is built on a foundation of core domain experience gained through deep engagement and collaboration with clients and end users. Empower supports federal and state child welfare and benefit programs including Child Welfare, Foster Care, Child Care, TANF, SNAP and Head Start. Empower's Eligibility Rules Engine can be quickly configured and applied to support various Welfare and Benefit programs for eligibility determination and assisted decision making in case management.

360° View of Empower's Capabilities

EMPOWER ADVANTAGE

Built by industry experts with over 30 years social service solution expertise, Empower addresses real-life challenges of case workers using human centred design approaches.

- 1 Improves outcomes for individuals, children and families.

EMPOWER VALUE PROPOSITION

Technology

The Empower platform allows rapid solution deployment for all case management lifecycles. Its core is built on the latest technology platform to negate obsolescence and provide wider program coverage. All products built on the Empower platform are fully responsive and function on all mobile devices.

Integration

Empower enables seamless integration with all technology infrastructural components and comes bundled with data binders to all formats to seamlessly integrate legacy data. Its built-in lightweight data interfacing engine makes complex data consolidation and migration easier.

Security

Empower's dynamic, customizable and data-specific workflows promote security of information shared through the value chain.

The Empower platform powers CITI's Welfare and Benefits products - Unify and Arise.

HHS solutions powered by the Empower platform

Unify - Comprehensive Child Welfare System

Endorsed by experts, Unify is an experience and outcome focused, deployment ready Child Welfare solution powered by the Empower platform.

Arise - Early Development Management System

Arise is a case management system engineered to facilitate and augment Child Care subsidy requirements at the State and County level.

Stay ahead of the curve with our HHS solutions!
